

## S1 M2

	MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
8-9 am			Research Metodology (E2)		Embedded systems (E2)
9-10 am			Research Metodology (E2)		Embedded systems (E2)
10-11 am		Biomedical robotics (E3)	Embedded systems (VB)	Biomedical robotics (E3)	Ambient intelligence (VB)
11-12 am	Advanced modelling and simulation techniques for robots (VB)	Biomedical robotics (E3)	Embedded systems (VB)	Biomedical robotics (E3)	Ambient intelligence (VB)
12 am-1 pm	Advanced modelling and simulation techniques for robots (VB)				Ambient intelligence (VB)
1 – 2 pm	Advanced modelling and simulation techniques for robots (VB)				
2 – 3 pm		System Identification (E4)		System Identification (E3)	Italian language (for foreign students)-Second year (E3)
3 – 4 pm	Distributed Robotics (B12)	System Identification (E4)		System Identification (E3)	Italian language (for foreign students)-Second year (E3)
4 – 5 pm	Distributed Robotics (B12)		Italian language (for foreign students)-Second year (E3)	Machine Learning (E0)	Italian language (for foreign students)-Second year (E3)
5 – 6 pm	Distributed Robotics (B12)		Italian language (for foreign students)-Second year (E3)	Machine Learning (E0)	
6 – 7 pm			Italian language (for foreign students)-Second year (E3)	Machine Learning (E0)
